

I'm writing to defend K-Love and to support their station and values. Many people I know and come into contact with rely on the programming on K-Love to guide them and strengthen them in their everyday lives. Please don't displace K-Love with a LPFM broadcaster because those who regularly listen as well as those who've just recently found the station would suffer greatly if no longer able to listen. The programming on K-Love is inspirational and uplifting not to mention guides us to the Love of Christ and encourages us to do good for everyone in the Love of Christ. Thank you and please consider the Goodness of this station and what it stands for before making any decision regarding it.

Thank you,  
Corinne Hall
